Your homework for this week is to:

1. Read the Syllabus.
2. Practice with your GUI and Command-line folders and files.
   - please write a short paper on your thoughts comparing and contrasting them both.
3. Take the [Kahoot Quiz](#) - post a screenshot of your results
4. Create a GitHub.com account.
5. Create a MART 120 repository.
6. Create a folder in for Homework 1 in your MART 120 repository
7. Submit your Kahoot screenshot to Homework 1.
8. Submit your short paper on GUI and command-line folders and files into Homework 1
9. Please introduce yourself in a video, post it to YouTube, and put a link in Moodle Discussions.
10. Submit your GitHub repository link to Moodle.

Specifics for Moodle

1. Turn in a link to your repository (copy the link, put it into a text file and submit the text file)
2. Submit your introduction video to the discussion forum in Moodle.
3. Do your weekly check-in.
